STATE OF GEORGIA
COUNTY OF FULTON

A RESOLUTION ESTABLISHING A NON-PROFIT POLICY FOR THE CITY OF SANDY SPRINGS

WHEREAS, it is the desire of the Mayor and City Council to have in place a non-profit policy for those circumstances when the interests of the City warrant support to a nonprofit organization;

BE IT, THEREFORE, RESOLVED, the Council does hereby approve and set forth the following guidelines to be followed when deciding upon any support and its form to be provided to a non-profit organization when such support is in the interests of the City:

(1) The City shall not provide financial support to any non-profit organization with any kind of a religious affiliation.

(2) The City may provide support to non-profit organizations which supplement or provide aid to programs sponsored by or affiliated with the Fulton County Georgia Health and Wellness Department or which otherwise provide aid to families and individuals with income below the poverty threshold as established by the U. S. Department of Health and Human Services.

(3) The City may allow a non-profit organization to use real or personal property owned or leased by the City; provided, however, that in each instance a Memorandum of Understanding shall be entered between the City and the non-profit organization for the specific use circumstances prior to any such allowed use.

(4) In the event of the City's allowing a non-profit organization to use property owned or leased by the City, the terms of the Memorandum of Understanding may provide for the City to maintain the grounds and structures on the involved property and may, to the extent necessary, also provide for the City to pay for trash service, electric service, gas service, and/or water and sewer service for the involved property.

(5) Further, in the event of the City's allowing a non-profit organization to use property owned or leased by the City, the terms of the Memorandum of Understanding shall provide for the non-profit organization to be responsible for those activities and programming, as may be allowed under the terms of the Memorandum of Understanding, in all respects, including, but not being limited to, the formulation, organization, establishment, and scheduling of such activities and programming.

(6) The non-profit organization shall further agree in the Memorandum of Understanding, if found to be financially responsible, to indemnify and hold harmless the City, its Mayor, Council, and all of its employees, representatives, and agents or to provide adequate insurance of a sum determined by the City to protect against claims asserted against the City.
