Date: August 12, 2014 for Submission onto the August 19, 2014 City Council Regular Meeting

Subject: TA14-008 An Ordinance to Amend Article 33, Signs, of the Sandy Springs Zoning Ordinance related to internally illuminated signs

Department of Community Recommendation:

APPROVAL of an amendment to the Zoning Ordinance related to internally illuminated signs.

Background:

On May 20, 2014 the City Council directed staff to move forward with development of an amendment to the sign ordinance based on recommendations from the Board of Appeals regarding internally illuminated signs. The Board of Appeals has heard several variances related to signs that are backlit or have a “halo” effect. The Board found that, while all types of internally illuminated signs may not be desired, these types of backlit signs are appropriate.

The existing ordinance provides a very limited definition of internally illuminated signage. As such, an amendment would be required to allow these types of signs.

Discussion:

Staff has prepared a draft ordinance that defines backlit internally illuminated signs and would allow them in certain districts.

Planning Commission Recommendation:

During Work Session at the June 19, 2014 meeting, the Commission recommended approval of the mark-up as presented.

The item was heard at the July 17, 2014 Planning Commission meeting. The Commission recommended approval as presented by staff (4-0, Maziar, Porter, Frostbaum and Squire for; Nickles and Tart absent and Duncan not voting).

Amendment Schedule:

Planning Commission Work Session – June 12, 2014
Planning Commission Public Hearing – July 17, 2014
City Council Work Session – August 5, 2014
City Council Public Hearing – August 19, 2014
