

31098	1/8/2019 15:43	paige	perkins	atlanta	GA	30328	U18-0009	I cannot say enough about the importance of Allison Dubovsky getting this Conditional Use permit. Her services are life-saving and necessary. There are so many children in this community who need to learn how to swim, and I can say from experience that Allison is the one to teach them. My daughter went to FOUR other swim instructors before she was finally willing to swim properly. My other daughter, who learned from Allison 6 years ago still calls her "Coach Allison." Allison has a talent that is immeasurable and unmatched. She is adored by all. And we are so grateful that she will have the opportunity to help keep our children safe going forward.
31099	1/8/2019 16:33	julie	royal	Atlanta	GA	30328	U18-0009	Allison teaches life saving swim lessons to the young children in our area. These lessons are a vital part of a child's development - without them they could easily drown. She is the best in the business and I have been around during swim lessons, they are not loud and do not cause harm to her neighbors.
31100	1/8/2019 17:04	Jodi	Courts	Atlanta	GA	30328	U18-0009	Our family is grateful for Allison's business in our community. Our children as well as many others in Sandy Springs swim at private pools in backyards without lifeguards. Knowing there is a qualified professional like Allison teaching kids to swim to ensure safety and prevent drowning is reassuring to parents and an integral service for our community. We value her expertise and professionalism and fully support her business.
31102	1/8/2019 19:13	Linda	Greenwald	Atlanta	GA	30327	U18-0009	I tremendously support Allison teaching swimming lessons in her backyard. She is a tremendous asset to our community. She is passionate about her lessons, her cause & her students. This has dragged on toooo long ~~ Please rule in her favor Thank U

31103	1/8/2019 20:26	Ashley	Rice	Sandy Springs	GA	30328	U18-0009	Please grant permit. My 6 year old needs a refresher. These lessons were a lifesaver last year and made her so much more comfortable around water. Allison was incredibly respectful of her neighbors. She designated parking areas, staggered sessions, and capped the class size to minimize the number of people at the residence at any given time. The noise in her backyard was so low I can't imagine any neighbor would take notice, let alone find it disturbing. Swim with Allison needs to continue!
31104	1/8/2019 20:32	Michele	Perloe	Atlanta	GA	30328	U18-0009	We live next door to the Dubovsky family and are in total support of Allison offering swim lessons for children in our area. We have had no issues with cars/noise or parking in our cul de sac. We vote yes to have her permit reissued!
31105	1/8/2019 20:50	Chip	Caldwell	Atlanta	GA	30328	U18-0009	Allison and her swim lessons have been, and should continue to be, a wonderful part of our community. Our two children learned to swim because of our access to this service, and we are so glad that this can continue for the young children of Sandy Springs. These lessons are such a positive part of the fabric our community, showing that Sandy Springs can be business oriented and forward thinking, yet retain the soul of the genesis of Sandy Springs, which is great neighbors and neighborhoods.

31106	1/8/2019 20:50	Sara	Kogon	Atlanta	GA	30327	U18-0009	<p>My husband Ross and I are Sandy Springs residents – we have 4 children ages 11, 9, 7 and 4 who have learned how to swim from Allison Dubovsky. We are lucky to have Allison teaching life saving swim skills in our city. I am one of those parents who is terrified of swimming pools – I have heard too many stories in our own community, of children drowning. My in laws have a pool and so I knew that my children had to learn how to swim when they were young.</p> <p>Allison is a gifted instructor. Two of our children refused to get into the pool until Allison started teaching them. We had attempted swim lessons in a public setting with our oldest two children but they couldn't get comfortable and refused to cooperate with the teacher. I brought them to Allison; her quiet, private setting and gentle manner with my children allowed them to get comfortable. Now, 8 years later, Allison has taught all of our children how to swim.</p> <p>The fact that there are teachers teaching from their own private pools across Sandy Springs, speaks to the value that this type of instruction provides to families in our community. The fact that Allison is the only Sandy Springs swim instructor that has applied for and obtained a business license for this type of swim instruction, speaks to Allison's character and integrity.</p> <p>Sandy Springs is a wonderful, safe place to live and raise a family. Allison's swim lessons have made a tangible difference in the safety of Ross' and my children and many others families in our community. It is in the City's and our community's best interest to continue to allow Allison to teach her live saving swim lessons from her home.</p> <p>Thank you for your time and consideration.</p>
31107	1/8/2019 21:17	lyndsie	viente	atlanta	GA	30328	U18-0009	<p>I live in the cul de sac with Allison Dubovsky. I fully support Swim With Allison and her swim lessons. The swim lessons are a huge benefit to the community. I work from home with an office in the front of my house and Swim with allison has never caused a disturbance or distrubtion in my day. Allowing the conditional use permit will benefit the entire community!</p>

31108	1/8/2019 21:18	Adam	Viente		GA		U18-0009	I live in the cul de sac with Allison Dubovsky. I fully support Swim With Allison and her swim lessons. The swim lessons are a huge benefit to the community & have never caused a disturbance or distrubtion in my day. Allowing the conditional use permit will benefit the entire community!
31110	1/9/2019 8:17	Mara	Berman		GA		U18-0009	Allison grew up in Sandy Springs and has been a positive member of the community for decades. I am fortunate to have had the opportunity for my child to take swim lessons from Allison. Her dedication and love to teach each child to be safe in the water is a huge asset to Sandy Springs. It is not just a business to her but her passion. When she learned of a serious swim accident of a school age child, she reached out to offer the child and parent lessons to teach them how to swim. Learning to swim is not a luxury but a necessity and we need Allison to be able to continue to offer her swim lessons to keep families of Sandy Springs watersafe. Lastly, Allison is very diligent and respectful in terms of scheduling and parking. She will ensure her business is conducted in a professional manner. Thank you for your time.
31111	1/9/2019 15:09	Brett	Friedmann		GA		U18-0009	Allison is an amazing swim instructor! We are so lucky to have someone like her in our community teaching these life saving skills to our children. By offering lessons from her home, it allows children to feel safe and comfortable in a more personal setting.
31112	1/9/2019 21:02	Tracy	Lurey	Sandy Springs	GA	30328	U18-0009	These swim lessons are a tremendous asset to our neighborhood. Just this past summer, Riverside Club almost lost a child from drowning. The parents in our area need a place for their children to be taught life-saving lessons in a warm, calm environment. In addition, I live on Weatherly Lane and we have never had a problem with cars or parking. In fact, more cars come down our street because we do not have a No Outlet sign for our dead end street. Furthermore, knowing there are people around during the day is comforting given all of the break-ins we have experienced in Sandy Springs.
31113	1/10/2019 18:06	Barbara	Wolfson	Atlanta	GA	30328	U18-0009	I cannot accept that again you are making Alison Dubovsky appear before you to discuss approving SWIMMING LESSONS to children -saving lives!!!!  You have previously heard ALL the pros of this valuable service, in her neighborhood, which is convenient to young parents especially as, in today's world, so many mother's and father's work. If cars or parking is an issue, it is for such a short period in a 52 week year, that this is surely, not a negative. I URGE you to vote "YES" for this PERMIT. Thank you for your consideration. Barbara Wolfson

31114	1/10/2019 20:49	Judy	Berk	Sandy Springs	GA	30327	U18-0009	My two children, now ages 6 and 5, both took swimming lessons with Allison in the summer of 2018. My daughters, one very shy, took to Allison immediately. Allison has a true gift to teach young children some of the most important life saving skills in the water. She is an outstanding instructor who is kind, practical and patient. Allison is a HUGE asset to the city of Sandy Springs and her work is of the utmost importance.
31117	1/13/2019 5:20	DANIEL	DUBOVSKY	Sandy Springs	GA	30328	U18-0009.	I cannot dredge up any material reason not to support this rapidly growing community with commensurate increase in young children and growing and supporting services designed for our children's welfare. Properly constrained as per your internal expert recommendations at home safety focussed education for public safety should have an high priority as our population and popularity explodes.
31118	1/14/2019 8:52	Alisa	Winters	Atlanta	GA	30327	U18-0009	Coach Allison has taught both of my children how to swim, and she has provided a life saving tool to them that I will forever be grateful for. She teaches in a serene, private environment which allows children to focus only on her and what she is teaching. They are not distracted by a public place and other strangers wandering around. She is very particular about where her clients park, is careful to keep them out of her neighbors way, and is quick to caution everyone to keep their voices low so as not to distract her swimmers or her neighbors. I feel terrible for Allison for the financial and emotional stress this must have put on her and her family to go through all of this, when all she is doing is teaching necessary, life-saving skills to children. She should absolutely be able to continue teaching children how to swim!
31120	1/14/2019 14:27	Kimberly	Hammer	Atlanta	GA	30328	U18-0009	Allison Dibovsky should be given this permit for the work she does to help children and families. She is respectful of her neighbors and community, and is thoughtful and caring with every family she comes in contact with. Allison is a wonderful swim instructor who helps prevent any harm coming to children in the community she teaches. The love of swimming she teaches children helps them for safety and life skills for their childhood into adulthood. She deserves this permit and should be authorized to continue to do business this year onward for as long as she is willing to do so for our community.
31126	1/16/2019 21:54	Nicole	Gray	Atlanta	GA	30328	U18-0009	I strongly support Swim with Allison. Her life saving swim lessons are an asset to our community and her business causes no harm to neighbors. Please allow her to have this permit.

31127	1/17/2019 9:55	Virginia	Brown	DECATUR	GA	30033	U18-0009	I support life-saving swim lessons as an outdoor home occupation. I support Coach Allison. My oldest son took swim lessons from her, and his confidence and swimming ability improved exponentially after spending two weeks with her. Coach Allison's ability to have life-saving swim instruction as an outdoor home occupation is an asset to Sandy Springs.
31128	1/17/2019 10:46	Jessica	Ezrine		GA		U18-0009	Life-saving swim instruction as an outdoor home occupation is vital to the growth and success of Sandy Springs. We need Coach Allison to continue to provide such an incredible asset to this city. Let's support her and her vision! I can't think of ANY reason why we shouldn't.
31129	1/17/2019 10:48	Brad	Glenn		GA		U18-0009	Allison is the kind of person we want/need more of in Sandy Springs. She's a small business owner who works hard to provide life-saving education for children. Her reputation is impeccable and her business is run in a professional and top-notch manner. Rather than finding reasons to put her out of business, Sandy Springs should be looking to encourage more businesses like Allison's so that residents aren't forced to go outside the City for these services.
31130	1/17/2019 11:39	Ross	Perloe	Sandy Springs	GA	30338	U-18-0009	My wife Michele and I are coach Allison's immediate neighbors and have lived in our home since 1994. We are totally in support of her being allowed to provide life saving swim lessons to the children in the area. The parents of her students have always been respectful to us and we have never had any issues. It would be a terrible mistake to limit her hours or her ability to provide these lessons. From the beginning she has always had a city business license and hopefully this license will be issued. Sincerely Ross Perloe
31132	1/17/2019 21:37	Greg	Joss		GA		U18-0009	I support Coach Allison. Life saving swimming instruction as an outdoor home occupation is badly needed and an asset to our community.
