- Windsor Parkway Sidewalk Projects: Councilmember DeJulio and staff met with property owners concerned about increased stormwater runoff, tree removal and other possible project impacts.
 - Peachtree Dunwoody Road/Telford Place Roadway Safety Project: A public information meeting will held for this project. Staff is working on confirming meeting date and location.
 - Mary Hall Freedom House: Staff responded to several religious organizations who requested clarification regarding the legal charges facing the organization’s owner. The current citations are for operating drug rehabilitation and business in a residentially zoned property. MHFH has a license from the Georgia Department of Community Health and the Georgia Department of Community Supervision to operate drug rehabilitation operations in the properties owned at the Reserve at Dunwoody complex (33 units). These permits confirm MHFH is conducting these services at these locations, which are in violation with the City’s zoning laws. While MHFH has attempted to gain a business license for these units, the zoning requirements prohibit business operations in a residential setting. In the business license application made by MHFH, Ms. Hall declared annual revenues of \$5.1 million from her operation in the Reserves at Dunwoody. In addition, the rules and restrictions placed upon the drug rehab customers staying at the Reserve denies any residential rights of tenancy for MHFH customers. If a customer of MHFH violates any of the organization’s rules (manipulating the thermostat, having visitors of the opposite sex, being out after curfew, etc) MHFH “discharges” the customer. A lack of residential living rights is in direct conflict with the City’s residentially zoned areas.
