### SSFD

#### Operations:

- Responded to a total of 300 calls: Three Fires, 106 EMS calls, 39 Service Calls, 110 Good Intent Calls, 27 False Alarms
- Units responded to reports of power lines arcing and a small fire as the result of the lines contacting a fallen tree. Upon arrival, personnel found a large tree, which had fallen over onto the power lines between Manor Court and Margate Drive. Personnel noted arcing and a small flame on the tree near the point of contact. No structures were in danger, and there was no indication of fire spread. However, the crew shut down that section of the road as a precaution. Crewmembers requested assistance from Georgia Power and Public Works. Personnel assisted Public Works with barricade placement and remained on scene until Georgia Power arrived and shut down power to the affected area.
- Units responded to reports of a smoke alarm in the 6800 block of Castleton Drive. Personnel arrived to a single story ranch home on a basement with occupants already outside of the building. The nanny on scene stated that she burned a teapot on the stove, which produced smoke but no fire. An electrical plug in teapot was mistakenly placed on the stove, which caused the smoke. Crewmembers ventilated the house.

- Units responded to reports of a possible water rescue by the 1900 block of Island Ford Parkway. Personnel were advised that there were possibly two victims in the water after their boat had overturned. Crewmembers found one person in the water, hanging onto a capsized canoe. He was conscious and stated that he was unable to come to shore. Another nearby canoe pulled the second person to shore. Crewmembers entered the water and made their way to the first person in the water, placing him in the canoe and floated it to shore. Crewmembers assisted both victims up the trail to wait on emergency medical services for evaluation.
- Units responded to reports of a small outside fire in the 500 block of Harbor Pointe Parkway. Upon arrival, the crew found a small pile of pine straw burning in a barbeque grill. Personnel were able to extinguish the fire with a water can.
- Units responded to reports of a structure fire in the 8200 block of Colquitt Road. Upon arrival, the crew found nothing showing from the alpha side of a two-story multi family dwelling. Further investigation revealed light smoke coming from under the front door. Crew knocked on door with no answer. Crewmembers breached the front door to find light smoke inside of the unit. Personnel found a pot of rice left on the stove and smoking. The Crew removed the pot from the structure and ventilated the unit with a positive pressure fan. Personnel checked for extension using thermal imaging camera and found nothing.
- Units responded to a single car accident in the 500 block of North Chace Tower. Sandy Springs Police were on scene and stated that there were no injuries, but requested that SSFD assess the stability of the structure that was hit by the vehicle. The car demolished a column of bricks holding up the main support beam for the deck of a townhouse. The crew taped off the space underneath the deck and left the scene with Sandy Springs Police.
- Units responded to reports of a tree down on a home in the 700 block of Starlight Lane. Upon arrival, the neighbors advised that they were unsure if anyone was inside the house but the homeowner's vehicles were in the driveway. The crew noted heavy damage to one corner of the home with a partial collapse due to the large tree that had fallen. Personnel forced entry to the front door, searched the structure and found no occupants inside. Crewmembers secured utilities to the structure and notified Georgia Power to disconnect service as a precaution. The crew covered any salvageable items with plastic to prevent further loss.
