

TS110 Mount Paran Road @ Powers Ferry Road – Traffic Efficiency

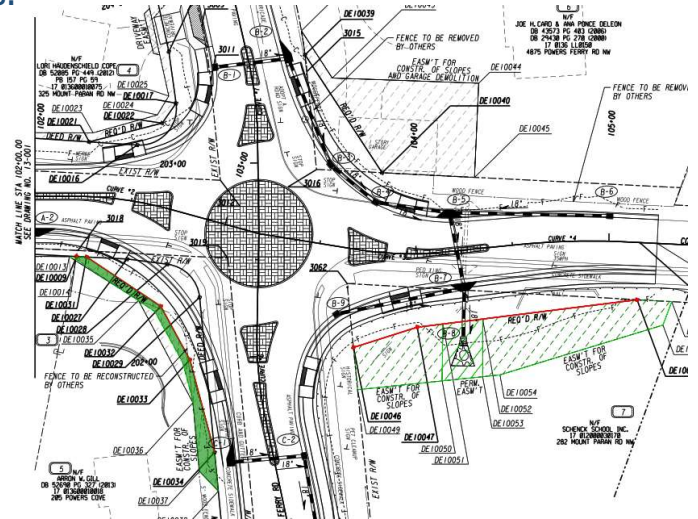

Design is proceeding with a roundabout, crosswalks and ADA landings. Project will improve safety (especially side-impact angle crashes) and operations (extensive queuing greatly reduced)

Cost:

- TSPLOST Original Budget: \$2,500,000
- Design Arcadis: \$300,000
- ROW: TBD - includes total take of carriage house, est. 800K
- Construction: \$1.200,000+ (based on engineer's estimates)
- Spent as of Dec 15: \$291,000

Status:

- Appraisal presented to 4875 Powers Ferry Road Property Owner on 5-14
- Response letter to ROW received 6/17
- All other project activity on-hold pending 4875 Powers Ferry Road Property status

Schedule:
