

BE IN GOOD COMPANY

Why some of Corporate America's most recognizable brands chose Sandy Springs.

UPS, Mercedes-Benz USA, Newell Rubbermaid, Cox Communications and Inspire Brands all rely on great talent. When they headquartered in Sandy Springs, GA, they found it. So did the nation's top three paper and packaging companies. Ten global franchisors chose us, too. Ditto financial services leaders who headquarter here for our state-of-the-art fiber network and abundant tech-talent. If these industry leaders decided Sandy Springs is the place to headquarter, shouldn't you, too?

Abundant Intellectual Capital

Georgia Tech, Emory, University of Georgia, Georgia State and Kennesaw State sit on our front door. Add Auburn and Clemson with their engineering and technology talent just 90 miles away. Any wonder that 59% of our residents have bachelors or higher degrees?

Prime Location

We're the economic heartbeat of Metro Atlanta with more Class-A office space than Charlotte or Nashville. Delivering great employees, unmatched quality of life and a welcoming, business-friendly environment, it's an ideal place where your global, national or regional headquarters can thrive.

Global Connections

Just 30 minutes to the world's busiest international airport via four transit stations. Access to America's fastest growing East Coast ports. An interstate road network connecting goods and people to the Eastern US in hours — not days.

Choose Sandy Springs.
Smart Companies Do.
