

To: John McDonough, City Manager

From: Angela Parker, Director, Department of Community Development 

Date: July 20, 2012 for Submission onto the August 7, 2012 City Council Regular Meeting Agenda

Subject: Resolution for Adoption of the Annual Capital Improvements Element (CIE) Update.

Department of Community Development Recommendation:

APPROVAL of a Resolution for Adoption of the Annual Capital Improvements Element (CIE) Update.

Background:

The Annual Financial Report has been adjusted to reflect the accurate 2012 beginning balances, impact fees collected and accrued interest for each public facility type.

All local governments that utilize an impact fee system under the Georgia Development Impact Fee Act (GDIFA) must include a Capital Improvements Element (CIE) in their comprehensive plans and update the Capital Improvements Element (CIE) portion of their plan annually. The City of Sandy Springs is required to approve an annual update to a Capital Improvements Element and Short Term Work Program by October 31, 2012.

Discussion:

The state requires that only a draft be submitted and that the local governments not take any official action to adopt or put into effect a CIE prepared in accordance with the Development Impact Fee Compliance Requirements until at least 60 days after the CIE is first submitted to the regional development center for review. The draft of the annual update of the Capital Improvements Element and Short Term Work Program has been prepared by staff in accordance with the Development Impact Fees Compliance Requirements and the Minimum Planning Standard and Procedures for Local Comprehensive Planning established by the state of Georgia.

Alternatives:

The Georgia Department of Community Affairs requires that the Mayor and City Council authorize transmittal of the adopted Capital Improvements Element (CIE) Update by October 31, 2012. The state requires a sixty (60) day review period.

Concurrent Review:

Wendell K. Willard, City Attorney
