ITEM: Approval of Roads list for Additional Paving to be done under The FY 2012 Capital Resurfacing Budget

Public Works Department's Recommendation:

It is the recommendation of the Public Works Department, Field Services Unit, that additional resurfacing be completed with the remaining funds from the FY 2012 Capital Resurfacing Contract.

Background:

As a continuation of *Operation Pave On*, the Public Works Department contracted out for the resurfacing of approximately 9 miles of roads in the Spring of 2012. The list of roads approved by council has now been completed. There is a remaining balance in the FY 2012 Resurfacing budget and it is the recommendation of Public Works that a contract be advertised and awarded to pave an additional 57 small road segments of a total 10.13 miles length (see attached list of proposed roads for resurfacing Summer/Fall 2012). Note that these roads are exactly in order of their Pavement Condition Index (PCI) score from the last City-Wide pavement survey.

Recommendation:

It is recommended that the City Council approve the attached lists of roads for resurfacing in Summer/Fall 2012 using FY 2012 resurfacing funds. A resolution so stating is attached.
