REMARKS:

TO: John McDonough, City Manager
FROM: Amy Davis, Finance Director
DATE: December 14, 2010 for Submission on December 21, 2010 City Council Agenda
ITEM: Software Selection Recommendation

Background:

The City currently utilizes a software package under a lease agreement through CH2M-Hill for financial services, work orders, revenue collection and community development functions. The lease term for this software expires January 1st 2011 but has been extended through June 30th by the company. It is the intention of the City to purchase all software and maintain it in house.

In selecting this software we evaluated companies by comparing application focus, offerings, functionality, company financial stability, operating platform, presence in local Georgia government and, finally, cost. It was desired that the selected company focus and specialize in government applications and provide an enterprise-wide capability. As part of our selection procedure we made site visits to existing clients and conducted telephone interviews to determine client satisfaction with the capabilities of each system. The search was narrowed to two companies: New World Systems and Tyler Technologies Munis. A comparison of the systems is attached.

Recommendation:

It is recommended that Tyler Technologies Munis be selected for the City's software needs. Applications included in the quote include all Accounting, budgeting, purchasing, business license, citizen web applications and self service, central property files for community development, workflow systems, work orders, 311 system and forms processing. In addition, they have a court system and recreation systems if we chose to purchase those applications in the future.

Total cost:

Software	\$223,600
Conversion and Implementation	309,700
1 st Year Maintenance Fee	18,350
Estimated Hardware Cost	<u>50,000</u>

Total Cost **\$601,650**

Estimated future years annual maintenance \$ 69,250

Additional detailed pricing information is attached.

AGREEMENT

This agreement ("Agreement") is made this _____ day of _____ 2010 ("Effective Date") by and between Tyler Technologies, Inc., a Delaware corporation with offices at 370 U.S. Route 1, Falmouth, Maine 04105 ("Tyler") and City of Sandy Springs, GA, with offices at 7840 Roswell Road, Building 500, Sandy Springs, GA 30350 ("Client").

WHEREAS Client, on December 7, 2010 awarded Tyler the contract for furnishing, delivering, installing, and implementing the specified System;

NOW THEREFORE, in consideration of the foregoing and of the mutual covenants and promises set forth herein, Tyler and Client agree that Tyler shall provide products and services, and Client shall pay prices, as set forth in this Agreement.

SECTION A – SOFTWARE LICENSE AGREEMENT

1. License Grant.

- a) Upon the Effective Date, Tyler hereby grants to Client a non-exclusive, non-transferable, royalty-free, revocable license to use the Tyler software products set forth in the investment summary attached hereto as Exhibit 1 ("Investment Summary") and related interfaces (collectively, the "Tyler Software Products") and Tyler user guides provided in or with the Tyler Software Products ("User Guides") for Client's internal business purposes only and otherwise subject to the terms and conditions of this Agreement. This license is revocable by Tyler if Client fails to comply with the terms and conditions of this Agreement, including without limitation, Client's failure to timely pay the Software fees in full. Upon Client's payment in full for the Tyler Software Products, this license will become irrevocable, subject to the restrictions on use and other terms set forth in this Agreement.
- b) Tyler shall retain ownership of, including all intellectual property rights in and to, the Tyler Software Products and User Guides.
- c) The Tyler Software Products are not licensed to perform functions or processing for subdivisions or entities that were not disclosed to Tyler prior to the Effective Date.
- d) The right to transfer the Tyler Software Products to a replacement hardware system is included in this Agreement. Client shall pay Tyler for the cost of new media or any required technical assistance to accommodate the transfer. Client shall provide advance written notice to Tyler of any such transfer.
- e) Client acknowledges and agrees that the Tyler Software Products and User Guides are proprietary to Tyler and have been developed as trade secrets at Tyler's expense. Client shall use best efforts to keep the Tyler Software Products and User Guides confidential and to prevent any misuse, unauthorized use or unauthorized disclosure of the Tyler Software Products or User Guides by any party, unless otherwise required by law or court order.
- f) The Tyler Software Products may not be modified by anyone other than Tyler. If Client modifies the Tyler Software Products without Tyler's prior written consent, Tyler's obligations to provide maintenance services on, and the warranty for, the Tyler Software Products will be void. Client shall not perform decompilation, disassembly, translation or other reverse engineering on the Tyler Software Products.
- g) Client may make copies of the Tyler Software Products for archive purposes only. Client shall repeat any and all proprietary notices on any copy of the Tyler Software Products. Client may make copies of the Tyler User Guides for internal use only.
- h) Tyler maintains an escrow agreement with an escrow services company under which Tyler places the source code of each major release of the Tyler Software Products. At Client's request, Tyler will add Client as a beneficiary to such escrow agreement. Client will pay the annual beneficiary fee (currently \$700) directly to the escrow services company and is solely responsible for maintaining its status as a beneficiary.
- i) In the event Client acquires from Tyler any edition of Tyler Content Manager software other than Enterprise

Edition, the license for Content Manger is restricted to use with Tyler applications only. If Client wishes to use Tyler Content Management software with non-Tyler applications, Client must purchase or upgrade to Tyler Content Manager Enterprise Edition.

2. License Fees. Client agrees to pay Tyler, and Tyler agrees to accept from Client as payment in full for the license granted herein, the Software fees set forth in the Investment Summary.

3. Verification of the Tyler Software Products.

Client shall select one (1) of the following two (2) options within thirty (30) days of installation by providing written notice to Tyler in accordance with Article 19 of Section E:

- a) Within sixty (60) days after the Tyler Software Products have been installed on Client's hardware, Tyler shall verify the Tyler Software Products by demonstrating to Client that the Tyler Software Products perform all of the functions set forth in Exhibit 2 - Verification Test, which demonstration will constitute verification that the Tyler Software Products substantially conform to the then-current Tyler User Guides and the functional descriptions of the Tyler Software Products in Tyler's written proposal to Client; or
- b) Within sixty (60) days after the Tyler Software Products have been installed on Client's hardware, Client shall use its own process to verify that the Tyler Software Products perform all of the functions set forth in Exhibit 2 - Verification Test, which will constitute verification that the Tyler Software Products substantially conform to the then-current Tyler User Guides and the functional descriptions of the Tyler Software Products in Tyler's written proposal to Client.
- c) Verification as described herein will be final and conclusive except for latent defect, fraud, and a gross mistake that amounts to fraud. In the event verification is not final and conclusive, pursuant to this paragraph, Tyler will correct the cause thereof. In the event Tyler cannot correct the cause thereof, Client may invoke its rights under Article 4 Limited Warranty of Section A - Software License Agreement.
- d) Tyler shall promptly correct any functions of the Tyler Software Products that failed verification.

4. Limited Warranty. For the purposes of this Agreement, a "Defect" is defined as a failure of the Tyler Software Products to substantially conform to the then-current Tyler User Guides and the functional descriptions of the Tyler Software Products in Tyler's written proposal to Client. In the event of conflict between the aforementioned documents, the then-current Tyler User Guides will control. A Tyler Software Product is "Defective" if it contains a Defect. For as long as a current Maintenance Agreement is in place, Tyler warrants that the Tyler Software Products will not contain Defects. If the Tyler Software Products do not perform as warranted, Tyler will use reasonable efforts, consistent with industry standards, to cure the Defect in accordance with Tyler's then-current support call process (Tyler's current support call process is set forth in the document attached hereto as Exhibit 3). Should Tyler be unable to cure the Defect or provide a replacement product, Client will be entitled to a refund of the Software fee paid for the Defective Tyler Software Product, as depreciated on a straight-line basis over a seven (7) year period commencing on the Effective Date, which will be Client's sole remedy should Tyler be unable to cure the Defect or provide a replacement product.

5. Intellectual Property Infringement Indemnification.

- a) Tyler's Obligations. Tyler shall defend and indemnify Client against any claim by an unaffiliated third party of this Agreement that a Tyler Software Product, if used within the scope of this Agreement, directly infringes that party's registered United States patent, copyright or trademark issued and existing as of the Effective Date or as of the distribution date of a release to the Tyler Software Product, and will pay the amount of any resulting adverse final judgment issued by a court of competent jurisdiction or of any settlement made by Tyler in writing.

iii. Consents to Tyler's sole control and authority with respect to the defense, settlement or compromise of the claim.

c) Exceptions to Tyler's Obligations. Tyler will have no liability hereunder if the claim of infringement or an adverse final judgment rendered by a court of competent jurisdiction results from:

- i. Client's use of a previous version of a Tyler Software Product and the claim would have been avoided had Client used the current version of the Tyler Software Product;
- ii. Client's combining the Tyler Software Product with devices or products not provided by Tyler;
- iii. Use of a Tyler Software Product in applications, business environments or processes for which the Tyler Software Product was not designed or contemplated, and where use of the Tyler Software Product outside such application, environment or business process would not have given rise to the claim;
- iv. Corrections, modifications, alterations or enhancements that Client made to the Tyler Software Product and such correction, modification, alteration or enhancement is determined by a court of competent jurisdiction to be a contributing cause of the infringement;
- v. Use of the Tyler Software Product by any person or entity other than Client or Client's employees; or
- vi. Client's willful infringement, including Client's continued use of the infringing Tyler Software Product after Client becomes aware that such infringing Tyler Software Product is or is likely to become the subject of a claim hereunder.

6. Limitation of Liability. In no event will Tyler be liable for special, indirect, incidental, consequential, or exemplary damages, including, without limitation, any damages resulting from loss of use, loss of data, interruption of business activities, or failure to realize savings arising out of or in connection with the use of the Tyler Software Products, except for infringement of intellectual property as described above that Tyler knew or reasonably should have known about. Except as otherwise expressly set forth in this Software License Agreement, Tyler's liability for damages and expenses arising out of this Software License Agreement, whether based on a theory of contract or tort, including negligence and strict liability, will be limited to the amount of Software fees set forth in the Investment Summary and paid by Client. 8. Limitation of Liability. In no event shall Tyler be liable for special, indirect, incidental, consequential, or exemplary damages, including, without limitation, any damages resulting from loss of use, loss of data, interruption of business activities, or failure to realize savings arising out of or in connection with the use of the Third Party Products, unless knowingly or recklessly caused by Tyler. Tyler's liability for damages and expenses arising out of this Third Party Product Agreement, whether based on a theory of contract or tort, including negligence and strict liability, will be limited to the License Fee/Purchase Price of the Third Party Products paid by Client. Such prices are set in reliance upon this limitation of liability.

SECTION E – GENERAL TERMS AND CONDITIONS

1. Taxes. The fees set forth in the Investment Summary do not include any taxes, including, without limitation, sales, use or excise tax. All applicable taxes shall be paid by Tyler to the proper authorities and shall be reimbursed by Client to Tyler. Tyler and Client will develop a plan to outline the reasonable steps to be taken by Tyler and Client to resolve any issues presented in Client's notice to Tyler. Client may only withhold payment of the amount actually in dispute until Tyler completes its action items outlined in the plan. Notwithstanding the foregoing, if Tyler is unable to complete its actions outlined in the plan because Client has not completed its action items outlined in the plan, Client will remit full payment of the invoice.
- b) Any invoice not disputed as described above will be deemed accepted by Client. Tyler reserves the right to suspend delivery of all services in the event Client fails to pay an invoice not disputed as described above within sixty (60) calendar days of receipt of invoice.

3. Force Majeure; Client Assistance. “Force Majeure” is defined as an event beyond the reasonable control of a party, including governmental action, war, riot or civil commotion, fire, natural disaster, labor disputes, restraints affecting shipping or credit, delay of carriers, inadequate supply of suitable materials or any other cause which could not with reasonable diligence be foreseen, controlled or prevented by the party. Neither party shall be liable for delays in performing its obligations under this Agreement to the extent that the delay is caused by Force Majeure.

Force Majeure will not be allowed unless:

- a) Within ten (10) business days of the occurrence of Force Majeure, the party whose performance is delayed thereby provides the other party or parties with written notice explaining the cause and extent thereof, as well as a request for a time extension equal to the estimated duration of the Force Majeure events.
- b) Within ten (10) business days after the cessation of the Force Majeure event, the party whose performance was delayed provides the other party written notice of the time at which Force Majeure ceased and a complete explanation of all pertinent events pertaining to the entire Force Majeure situation.

Either party will have the right to terminate this Agreement if Force Majeure suspends performance of scheduled tasks by one or more parties for a period of one hundred-twenty (120) or more days from the

scheduled date of the task. This paragraph will not relieve Client of its responsibility to pay for services and goods provided to Client and expenses incurred on behalf of Client prior to the effective date of termination.

In addition, Client acknowledges that the implementation of the Tyler Software Products is a cooperative process requiring the time and resources of Client personnel. Client shall, and shall cause Client personnel to, use all reasonable efforts to cooperate with and assist Tyler as may be reasonably required to meet the project deadlines and other milestones agreed to by the parties for implementation. Tyler shall not be liable for failure to meet such deadlines and milestones when such failure is due to Force Majeure (as defined above) or to the failure by Client personnel to provide such cooperation and assistance (either through action or omission).

4. Indemnification.

a) Tyler shall indemnify and hold harmless Client and its agents, officials and employees from and against any and all direct claims, losses, liabilities, damages, costs and expenses (including reasonable attorney's fees and costs) for personal injury or property damage arising from Tyler's negligence or willful misconduct.

b) Client shall indemnify and hold harmless Tyler and its agents, officials and employees, to the extent permitted by law, and without waiving sovereign immunity, from and against any and all direct claims, losses, liabilities, damages, costs and expenses (including reasonable attorney's fees and costs) for personal injury or property damage arising from Client's negligence or willful misconduct.

5. Disclaimer. THE RIGHTS, REMEDIES, AND WARRANTIES SET FORTH IN THIS AGREEMENT ARE EXCLUSIVE AND IN LIEU OF ALL OTHER RIGHTS, REMEDIES, AND WARRANTIES EXPRESSED, IMPLIED, OR STATUTORY, INCLUDING, WITHOUT LIMITATION, THE WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND SYSTEM INTEGRATION, WHICH ARE HEREBY DISCLAIMED BY TYLER.

6. Dispute Resolution. Client will notify Tyler in writing within fifteen (15) days of becoming aware of a dispute. If Tyler and Client cannot resolve such dispute within thirty (30) calendar days of Tyler's receipt of written notice from Client, the following procedure will apply:

a) Each party shall appoint one (1) person to act as an impartial representative. The appointed individual will be of sufficient knowledge and experience to understand and deal with the dispute but will not be a person assigned to the project. The set of four (4) individuals consisting of Tyler's Project Manager for this project, Client's Project Manager for this project, and the two (2) appointees is called a Dispute Resolution Group.

b) The Dispute Resolution Group shall convene no later than twenty-one (21) calendar days after the expiration of the thirty (30) calendar day period referenced above and shall meet for a maximum of four (4) four (4) hour sessions during the subsequent four (4) business days, unless otherwise mutually agreed. Any resolution will be in writing and signed by both parties. Such resolution will constitute a binding amendment to the Agreement.

In the event the Dispute Resolution Group fails to resolve the dispute as set forth above, the dispute will be referred to non-binding mediation. Thereafter, either party may assert its other rights and remedies under this Agreement within a court of competent jurisdiction.

Nothing in this Article will prevent a party from applying to a federal or state court of competent jurisdiction to obtain injunctive relief pending resolution of the dispute through the dispute resolution procedures set forth herein.

7. No Intended Third Party Beneficiaries. This Agreement is entered into solely for the benefit of Tyler and Client. No third party will be deemed a beneficiary of this Agreement, and no third party will have the right to make any claim or assert any right under this Agreement.

If any term or provision of this Agreement or the application thereof, to any extent, be held invalid or unenforceable, the remainder of this Agreement or the application of such term or provision to persons or circumstances other than those as to which it is held invalid or unenforceable will not be affected thereby, and each term and provision of this Agreement will be valid and enforced to the fullest extent permitted by law.

11. No Waiver. In the event that the terms and conditions of this Agreement are not strictly enforced by Tyler or Client, such non-enforcement shall not act as or be deemed to act as a waiver or modification of this Agreement, nor shall such non-enforcement prevent Tyler or Client from enforcing each and every term of this Agreement thereafter.

12. Multiple Originals and Signatures. This Agreement may be executed in multiple originals, any of which shall be independently treated as an original document. Any electronic, faxed, scanned, photocopied or similarly reproduced signature on this Agreement or any amendment hereto shall be deemed an original signature and shall be fully enforceable as if an original signature.

13. Amendment. This Agreement may only be modified by written amendment signed by authorized representatives of both parties.

14. Termination. Upon such termination, Client shall pay Tyler for all services and expenses not in dispute and non-Defective Tyler Software Products which were delivered or incurred prior to the date Tyler received Client's notice of termination. Payment for services and expenses in dispute will be determined in accordance with this agreement.

15. Non-appropriation. If Client should not appropriate or otherwise make available funds sufficient to purchase, lease, operate or maintain the products set forth in this Agreement, or other means of performing the same functions of such products, Client may unilaterally terminate this Agreement only upon thirty (30) days written notice to Tyler. Upon termination, Client shall remit payment for all products and services delivered to Client and all expenses incurred by Tyler prior to Tyler's receipt of the termination notice. Support Call Process

Client Support

Tyler Technical Support Department for Munis®

Goal: *To provide an effective support mechanism that will guarantee timely resolution to calls, resulting in high-level client satisfaction.*

Contact Us

Call Tyler's toll free number (800-772-2260) or log a support request online through the Tyler Client Portal available at Tyler's Support Web site (www.tylertech.com).

Support Organization

Tyler's Technical Support Department for Munis is divided into multiple teams: Financials, Payroll/HR/Pension, Tax/Other Revenue and Collections, Utility Billing and Collections, OS/DBA (Operating System and Database Administration), and TylerForms and Reporting Services.

These "product-specific" teams allow support staff to focus on a group of products or services. A group of specialists assigned to each team handle calls quickly and accurately.

Each team consists of a Munis Support Product Manager, Support Analysts and Technical Support Specialists. The Support Product Manager is responsible for the day-to-day operations of the team and ensures we provide exceptional technical support to our clients. The Support Analysts are responsible for assisting the team with clients' issues, and provide on-going team training. Technical Support Specialists are responsible for diagnosing and resolving client issues in a timely and courteous manner.

- Your full name (first name, last name) and the site you are calling for/from
- A phone number where you can be reached
- The details of the issue or question you have (i.e.: program, • process, error message)
- The priority of the issue (1, 2, 3, or 4)
- When you will be available for a return call (often Support will call back within an hour of receiving your message)

Focus on Incoming Rate

When you call Technical Support, your call is answered by a Support Technician, or is transferred into the Support voice mail. *Our goal is to capture 75% of our daily calls incoming*, which means you will often start working with a Support Specialist immediately upon calling Tyler.

Leaving Messages for Support

When leaving a message on the Support voice mail, ensure the following information is contained within the message:

Paging

All client questions are important to us. There may be times when you are experiencing a priority 1 critical issue and all technicians for the requested team are on the line assisting clients. In this circumstance, it is appropriate to press 0 to be redirected to the operator. The operator will page the team you need to contact. We ask that you reserve this function for those times when Munis is down, or a mission critical application is down and you are not able to reach a technician immediately.

Online Support

Some questions can be handled effectively by e-mail. Once registered as a user on Tyler's Support Web site at www.tylertech.com, you can ask questions or report issues to Support through "Customer Tools". Tyler's Client Portal (TCP) allows you to log an incident to Technical Support anytime from any Internet connection. All TCP account, incident and survey data is available in real-time.

Your existing contact information defaults when you add a new Support incident. You will be asked for required information including Incident Description, Priority, Product Group and Product Module. Unlimited work-note text is available for you to describe the question or problem in detail, plus you can attach files or screenshots that may be helpful to Support.

When a new incident is added, the incident number is presented on the screen, and you will receive an automated e-mail response that includes the incident number. The new incident is routed to the appropriate Technical Support Team queue for response. They will review your incident, research the item, and respond via e-mail according to the priority of the incident.

Customer Relationship Management System

Every call or e-mail from you is logged into our Customer Relationship Management System and given a unique call number. This system tracks the history of each incident, including the person calling, time of the call, priority of the call, description of the problem, support recommendations, client feedback and resolution. For registered users on Tyler's Support Web site (www.tylertech.com), a list of calls is available real-time under the Tyler Client Portal (TCP).

Call Numbers

Support's goal is to return clients' calls as soon as possible. If you are not available when we call back, we will leave a message with the open call number on your voice mail or with a person in your office. When you call back, you can reference this call number so you do not have to re-explain the issue.

An open call number is also given to you once an initial contact has been made with Support and it has been determined that the issue can't be resolved during the initial call. The open call number lets you easily track and reference specific open issues with Support.

Call Response Goals

Open Call Priority	Maximum number of days a support call is open	Support managers and analysts review open calls
1	Less than a day	Daily

2	10 Days or less	Every other day
3	30 Days or less	Weekly
4	60 Days or less	Weekly

Call Priorities

A call escalation system is in place where, each day, Support Analysts and Product Support Managers, review open calls in their focus area to monitor progress.

Each call logged is given a priority (1, 2, 3, and 4) according to the client's needs/deadlines. The goal of this structure is to clearly understand the importance of the issue and assign the priority for closure. The client is responsible for setting the priority of the call. Tyler Support for Munis tracks responsiveness to priority 1, 2 and 3 calls each week. This measurement allows us to better evaluate overall client satisfaction.

Priority 1 Call — issue is critical to the client, the Munis application or process is down.

Priority 2 Call — issue is severe, but there is a work around the client can use.

Priority 3 Call — issue is a non-severe support call from the client.

Priority 4 Call — issue is non-critical for the client and they would like to work with Support as time permits.

Following Up on Open Calls

Some issues will not be resolved during the initial call with a Support Technician. If the call remains open, the technician will give you an open call number to reference, and will confirm the priority of the incident.

If you want to follow up on an open call, simply call the appropriate Support Team and reference the call number to the Technician who answers or leave this information in your message. Referencing the open call number allows anyone in support to quickly follow up on the issue. You can also update the incident through TCP on Tyler's Web site (www.tylertech.com) and add a note requesting follow-up.

Escalating a Support Call

If the situation to be addressed by your open call has changed and you need to have the call priority adjusted, please call the appropriate Support Team and ask to be connected to the assigned technician. If that technician is unavailable, another technician on the team may be able to assist you, or will transfer you to the Product Support Team Manager. If you feel you are not receiving the service you need, please call the appropriate Product Manager and provide them with the open call number for

which you need assistance. The Product Manager will follow up on your open issue and determine the necessary action to meet your needs.

At the end of each GoToAssist session, there is a quick survey you should complete so we have accurate and up-to-date feedback on your Support experiences. We review the survey data in order to continually improve our Support services.

E-mail Registration

Clients can go to our Web site and register for e-mail "groups" based on specific Munis applications. We use these groups to inform clients of issues, and to distribute helpful technical tips and updated technical documentation. 1.2 "Authorized Users" means employees and individual contractors (i.e., temporary employees) of Licensee.

1.3 "Computer" means one or more central processing units ("CPU") in a hardware device (including hardware devices accessed by multiple users through a network ("Server")) that accepts information in digital or similar form and manipulates it for a specific result based on a sequence of instructions.

1.4 "Deliver" means to transmit data directly or indirectly over a network to a printing device or any other device for the purpose of printing.

1.5 "Development Software" means Software licensed for use in a technical environment solely for internal development and testing and not for use as Production Software.

1.6 "Disaster Recovery Environment" means Licensee's technical environment designed solely to allow Licensee to respond to an interruption in service due to an event beyond Licensee's control that creates an inability on Licensee's part to provide critical business functions for a material period of time.

1.7 "Documentation" means the user manuals and/or technical publications as applicable, relating to installation, use and administration of the Software.

1.8 "Internal Network" means Licensee's private, proprietary network resource accessible only by Authorized Users. "Internal Network" specifically excludes the Internet (as such term is commonly defined) or any other network community open to the public, including membership or subscription driven groups, associations or similar organizations. Connection by secure links such as VPN or dial up to Licensee's Internal Network for the purpose of allowing Authorized Users to use the Software should be deemed use over an Internal Network.

1.9 "License Metric" means each of the per-unit metrics used by Adobe in connection with the licensed quantities identified as separately provided in writing by Adobe to describe the scope of Licensee's right to use the Software. One or more of the following types of License Metrics applies to each Software Product as further provided herein:

(a) Per-Computer. Licensee may install and use the Adobe Output Designer software on no more than the licensed number of Computers.

(b) Per-User. The total number of Authorized Users that directly or indirectly request or receive content that has been processed by the Software may not exceed the licensed quantity of users.

1.12 "SDK Components" means the sample software code, application programming interface, header files and related information, and the file format specifications, if any, included as part of the Software as described in the Documentation or a "Read Me" file accompanying the applicable Software.

1.13 "Software" means the object code version of the software program(s) specified in a separate written agreement signed by Adobe, including all Documentation and other materials provided by Adobe to Licensee under this Agreement. The term "Software Product" may also be used to indicate a particular product, and otherwise has the same meaning as Software.

2. License. Subject to the terms and conditions of this Agreement, Adobe grants to Licensee a perpetual, non-exclusive license to install and use the Software delivered hereunder according to the terms and conditions of this Agreement, on Computers connected to Licensee's Internal Network, on the licensed platforms and configurations, in the manner and for the purposes described in the Documentation. The following additional terms also apply to Licensee's use of the Software.

2.1 License Metric. Licensee's right to install and use the Software is limited based on whether the Software is licensed as Production Software or Development Software (as separately provided in writing by Adobe) and the License Metrics applicable to the particular Software Products licensed (as separately provided in writing by Adobe) and subject to the terms in Section 3, unless Licensee has licensed the Software for evaluation purposes, in which case the terms of Section 4 apply.

2.2 SDK Components. Licensee's Authorized Users may install and use the SDK Components for purposes of facilitating use of the Software in accordance with this Agreement. Licensee agrees that Licensee will treat the API Information with the same degree of care to prevent unauthorized disclosure to anyone other than Authorized Users as Licensee accords to Licensee's own confidential information, but in no event less than

reasonable care. Licensee's obligations under this Section 2.2 with respect to the API Information shall terminate when Licensee can document that the API Information was in the public domain at or subsequent to the time it was communicated to Licensee by Adobe through no fault of Licensee's. Licensee may also disclose the API Information in response to a valid order by a court or other governmental body, when otherwise required by law, or when necessary to establish the rights of either party under this Agreement, provided Licensee gives Adobe advance written notice thereof.

2.3 Backup and Disaster Recover. Licensee may make and install a reasonable number of copies of the Software for backup and archival purposes and use such copies solely in the event that the primary copy has failed or is destroyed, but in no event may Licensee use such copies concurrently with Production Software or Development Software. Licensee may also install copies of the Software in a Disaster Recovery Environment for use solely in disaster recovery and nor for production, development, evaluation or testing purposes other than to ensure that the Software is capable of replacing the primary usage of the Software in case of a disaster.

2.4 Documentation. Licensee may make copies of the Documentation for use by Authorized Users in connection with use of the Software in accordance with this Agreement, but no more than the amount reasonably necessary. Any permitted copy of the Documentation that Licensee makes must contain the same copyright and other proprietary notices that appear on or in the Documentation.

2.5 Outsourcing. Licensee may sub-license use of the Software to a third party outsourcing or facilities management contractor to operate the Software on Licensee's behalf, provided that (a) Licensee provides Adobe with prior written notice; (b) Licensee is responsible for ensuring that any such contractor agrees to abide by and fully complies with the terms of this Agreement as they relate to the use of the Software on the same basis as applies to Licensee; (c) such use is only in relation to Licensee's direct beneficial business purposes as restricted herein; (d) such use does not represent or constitute an increase in the scope or number of licenses provided hereunder; and (e) Licensee shall remain fully liable for any and all acts or omissions by the contractor related to this Agreement.

2.6 Font Software. If the Software includes font software, then Licensee may (a) use the font software on Licensee's Computers in connection with Licensee's use of the Software as permitted under this Agreement; (b) output such font software on any output devices connected to Licensee's Computers; (c) convert and install the font software into another format for use in other environments provided that use of the converted font software may not be distributed or transferred for any purpose except in accordance with the transfer section in this Agreement; and (d) embed copies of the font software into Licensee's electronic documents for the purpose of printing and viewing the document, provided that if the font software Licensee is embedding is identified as "licensed for editable embedding" on Adobe's website at <http://www.adobe.com/type/browser/legal/embeddingeula.html>, Licensee may also embed copies of that font software for the additional limited purpose of editing Licensee's electronic documents.

2.7 Restrictions

(a) No Modifications, No Reverse Engineering. Licensee shall not modify, port, adapt or translate the Software. Licensee shall not reverse engineer, decompile, disassemble or otherwise attempt to discover the source code of the Software. Notwithstanding the foregoing, decompiling the Software is permitted to the extent the laws of Licensee's jurisdiction give Licensee the right to do so to obtain information necessary to render the Software interoperable with other software; provided, however, that Licensee must first request such information from Adobe and Adobe may, in its discretion, either provide such information to Licensee or impose reasonable conditions, including a reasonable fee, on such use of the source code to ensure that Adobe's and its suppliers' proprietary rights in the source code for the Software are protected.

(b) No Unbundling. The Software may include various applications, utilities and components, may support multiple platforms and languages and may be provided to Licensee on multiple media or in multiple copies. Nonetheless, the Software is designed and provided to Licensee as a single product to be used as a single product on Computers and platforms as permitted herein. Licensee is not required to use all component parts of the Software, but Licensee shall not unbundle the component parts of the Software for use on different Computers. Licensee shall not unbundle or repackage the Software for distribution, transfer or resale.

(c) No Transfer. Licensee shall not sublicense, assign or transfer the Software or Licensee's rights in the Software, or authorize any portion of the Software to be copied onto or accessed from another individual's or entity's Computer except as may be explicitly provided in this Agreement. Notwithstanding anything to the contrary in this Section 2.7(c), Licensee may transfer copies of the Software installed on one of Licensee's Computers to another one of Licensee's Computers provided that the resulting installation and use of the Software is in accordance with the terms of this Agreement and does not cause Licensee to exceed Licensee's right to use the Software under this Agreement.

(d) Prohibited Use. Except as expressly authorized under this Agreement, Licensee is prohibited from: (i) using the Software on behalf of third parties; (ii) renting, leasing, lending or granting other rights in the Software including rights on a membership or subscription basis; and (iii) providing use of the Software in a computer service business, third party outsourcing facility or service, service bureau arrangement, network, or time sharing basis.

(e) Export Rules. Licensee agrees that the Software will not be shipped, transferred or exported into any country or used in any manner prohibited by the United States Export Administration Act or any other export laws, restrictions or regulations (collectively the "Export Laws"). In addition, if the Software is identified as an export controlled item under the Export Laws, Licensee represents and warrants that Licensee is not a citizen of, or located within, an embargoed or otherwise restricted nation (including Iran, Iraq, Syria, Sudan, Libya, Cuba and North Korea) and that Licensee is not otherwise prohibited under the Export Laws from receiving the Software. All rights to install and use the Software are granted on condition that such rights are forfeited if Licensee fails to comply with the terms of this Agreement.

The following additional terms apply:

3.3.1 Per-Server License. If Licensee has licensed Adobe Output Pak for mySAP.com on a Per-Server basis, Licensee shall have the right to install and use Adobe Central Pro Output Server on one (1) Server unless Licensee obtains additional Per-Server licenses to the Adobe Central Pro Output Server.

3.5 Adobe Output Designer. If Licensee has licensed Adobe Output Designer, then Adobe grants Licensee a license to install and use Adobe Output Designer as Production Software on a Per-Computer basis subject to the following additional terms:

3.5.1 Network Use. As an alternative to installing and using the Adobe Output Designer software on the Computer of each licensed Authorized User, Licensee may install and use the Adobe Output Designer software on a file server for the purpose of (a) permitting Authorized Users to download the software for installation and use on no more than the licensed number of Computers connected to Licensee's Internal Network, or (b) permitting Authorized Users to use the software using commands, data or instructions from a Computer connected to Licensee's Internal Network provided that the total number (not the concurrent number) of Authorized Users that use the software does not exceed one user for each of the licensed number of Computers. Adobe reserves the right to terminate Licensee's license to evaluate Software Products at any time in its sole discretion. Licensee agrees to return or destroy Licensee's copy of the Software Products upon termination of this Agreement for any reason. To the extent that any provision in this Section 4 is in conflict with any other term or condition in this Agreement, this Section 4 shall supersede such other term(s) and condition(s) with respect to the evaluation of Software Products, but only to the extent necessary to resolve the conflict. **ADOBE IS LICENSING THE SOFTWARE PRODUCTS FOR EVALUATION ON AN "AS IS" BASIS AT LICENSEE'S OWN RISK. SEE SECTIONS 7 AND 8 FOR WARRANTY DISCLAIMERS AND LIABILITY LIMITATIONS WHICH GOVERN EVALUATION OF SOFTWARE PRODUCTS.**

5. Intellectual Property Rights. The Software and any copies that Licensee is authorized by Adobe to make are the intellectual property of and are owned by Adobe Systems Incorporated and its suppliers. The structure, organization and code of the Software are the valuable trade secrets and confidential information of Adobe Systems Incorporated and its suppliers. The Software is protected by copyright, including without limitation by United States Copyright Law, international treaty provisions and applicable laws in the country in which it is being used. Except as expressly stated herein, this Agreement does not grant Licensee any intellectual property rights in the Software and all rights not expressly granted are reserved by Adobe.

6. Updates. If the Software is an upgrade or update to a previous version of the Software, Licensee must possess a valid license to such previous version in order to use such upgrade or update. All upgrades and updates are provided to Licensee on a license exchange basis. Licensee agrees that by using an upgrade or update Licensee voluntarily terminates Licensee's right to use any previous version of the Software. As an exception, Licensee may continue to use previous versions of the Software on Licensee's Computer after Licensee uses the upgrade or update but only to assist Licensee in the transition to the upgrade or update, provided that the upgrade or update and the previous versions are installed on the same computer. Upgrades and updates may be licensed to Licensee by Adobe with additional or different terms.

7. WARRANTY

THE FOREGOING LIMITATIONS AND EXCLUSIONS APPLY TO THE EXTENT PERMITTED BY APPLICABLE LAW IN LICENSEE'S JURISDICTION. The respective courts of Santa Clara County, California when California law applies, Tokyo District Court in Japan, when Japanese law applies, and the competent courts of London, England, when the law of England applies, shall each have non-exclusive jurisdiction over all disputes relating to this Agreement. This Agreement will not be governed by the conflict of law rules of any jurisdiction or the United Nations Convention on Contracts for the International Sale of Goods, the application of which is expressly excluded.

10. General Provisions. If any part of this Agreement is found void and unenforceable, it will not affect the validity of the balance of this Agreement, which shall remain valid and enforceable according to its terms. This is the entire agreement between Adobe and Licensee relating to the Software and it supersedes any prior representations, discussions, undertakings, communications or advertising relating to the Software.

11. Notice to U.S. Government End Users.

11.1 Commercial Items. The Software and Documentation are "Commercial Item(s)," as that term is defined at 48 C.F.R. Section 2.101, consisting of "Commercial Computer Software" and "Commercial Computer Software Documentation," as such terms are used in 48 C.F.R. Section 12.212 or 48 C.F.R. Section 227.7202, as applicable. Consistent with 48 C.F.R. Section 12.212 or 48 C.F.R. Sections 227.7202-1 through 227.7202-4, as applicable, the Commercial Computer Software and Commercial Computer Software Documentation are being

licensed to U.S. Government end users (a) only as Commercial Items and (b) with only those rights as are granted to all other end users pursuant to the terms and conditions herein. Unpublished-rights reserved under the copyright laws of the United States. Adobe Systems Incorporated, 345 Park Avenue, San Jose, CA 95110-2704, USA.

11.2 U.S. Government Licensing of Adobe Technology. Licensee agrees that when licensing Adobe Software for acquisition by the U.S. Government, or any contractor therefore, Licensee will license consistent with the policies set forth in 48 C.F.R. Section 12.212 (for civilian agencies) and 48 C.F.R. Sections 227-7202-1 and 227-7202-4 (for the Department of Defense). For U.S. Government End Users, Adobe agrees to comply with all applicable equal opportunity laws including, if appropriate, the provisions of Executive Order 11246, as amended, Section 402 of the Vietnam Era Veterans Readjustment Assistance Act of 1974 (38 USC 4212), and Section 503 of the Rehabilitation Act of 1973, as amended, and the regulations at 41 CFR Parts 60-1 through 60-60, 60-250, and 60-741. The affirmative action clause and regulations contained in the preceding sentence shall be incorporated by reference in this Agreement.

12. Compliance with Licenses. Adobe may, at its expense, and no more than once every twelve (12) months, appoint its own personnel or an independent third party to verify the number of copies and installations, as well as usage of the Adobe software by Licensee. Any such verification shall be conducted upon seven (7) business days notice, during regular business hours at Licensee's offices and shall not unreasonably interfere with Licensee's business activities. Both Adobe and its auditors shall execute a commercially reasonable non-disclosure agreement with Licensee before proceeding with the verification. If such verification shows that Licensee is using a greater number of copies of the Software than that legitimately licensed, or are deploying or using the Software in any way not permitted under this Agreement and which would require additional license fees, Licensee shall pay the applicable fees for such additional copies within thirty (30) days of invoice date, with such underpaid fees being the license fees as per Adobe's then-current, country specific, license fee list. If underpaid fees are in excess of five percent (5%) of the value of the fees paid under this Agreement, then Licensee shall pay such underpaid fees and Adobe's reasonable costs of conducting the verification.

13. Third-Party Beneficiary. Licensee acknowledges and agrees that Adobe's licensors (and/or Adobe if Licensee obtained the Software from any party other than Adobe) are third party beneficiaries of this Agreement, with the right to enforce the obligations set forth herein with respect to the respective technology of such licensors and/or Adobe.

Adobe is either a registered trademark or trademark of Adobe Systems Incorporated in the United States and/or other countries.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the dates set forth below.
