Community Development GIS
Community Development GIS

• From the Home screen, you can click on the “Community Development GIS” icon to be redirected to the Sandy Springs GIS database where you can search an address to determine its:
  • Zoning district
  • Hydrology details and buffers
  • Topography
  • Aerial photography
  • FEMA Flood Insurance Rate Maps (FIRM)
  • and more....
This is a graphical interface that allows you to display different information by selecting from the Layer List on the right. Simply type in your address to begin.
